

AGENDA

May 27, 1999

1. Brief discussion of species goals; "R", "r", and "m".
2. Discussion of species "recovery" prescriptions derived from the goals
 - a) CALFED's responsibility to meet prescriptions
 - b) Agencies' responsibility to meet prescriptions
 - c) "permittee's" responsibility to meet prescriptions
3. Discussion of the conservation measures necessary to meet prescriptions.
 - a) What would be necessary for compliance with ESA/CESA/NCCPA
 - b) Additional burden for CMARP and implementation of ERP actions.
